Organising photos, preserving memories

MODERN SLAVERY POLICY

The Photo Curators Ltd will ensure that any of our supply chains in the UK with a turnover larger than £36 million provide us with their Modern Slavery Policy.

The Photo Curators Ltd will conduct an audit of our significant non-UK suppliers to see if they can provide their Modern Slavery Policies and will complete a record of these results.

We have also educated all employees of The Photo Curators Ltd on modern slavery so that they can recognise it and consider modern slavery when making new procurements.
